

# ABOUT CDFH

The Coalition for a Drug-Free Hawaii (CDFH) is dedicated to serving Hawaii's children, families, and communities with programs that strengthen health, wellness, and resilience against drug and alcohol abuse. As a non-profit agency established in 1987, CDFH strives to increase prevention awareness, education, and action through its after-school programs for youth, family strengthening workshops, youth and family counseling services, youth leadership development, training and resources for schools and communities, and TeenLink Hawaii for youth to increase awareness and provide information and referral regarding critical health and social issues impacting youth today.
